WHEN THE *LASERSTAR® EAGLE* SINGS, PROFITS SOAR

It's spectacular...Our LaserStar® Eagle is anything but the same old song. Its impressive size and graphics make it the wallhung jukebox that customers love to play and play.

And not only does it look sensational, it performs beautifully. There's an eight-title display, coin and bill slot, high security system, and interchangeable LaserStar components. Plus, it's easy to install and easy to maintain.

It all adds up to increased profits. And that's music to anyone's ears. See your local ROWE/AMi music operator for details.

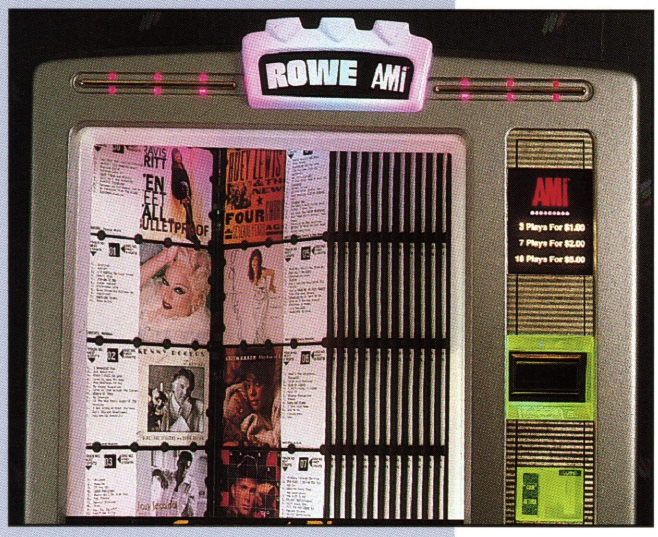
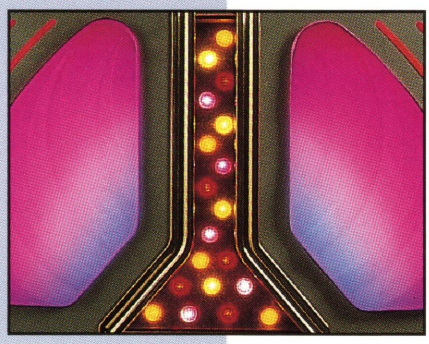
LASERSTAR® EAGLE



The wallhung LaserStar® Eagle's acclaimed title display is designed to merchandise 100 CDs to stimulate maximum customer play.

- Eight full-sized CD jackets are displayed beside easy-to-read title strips, all highlighted by theatrical halo lighting.
- The motor-driven pages can be flipped by push button controls and will accommodate up to 100 CD albums and title strips.
- In the "attract mode," the title pages turn automatically or move to a specific page number.

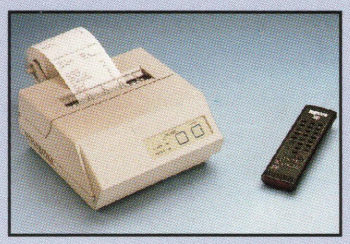
Set on AUTOPLAY, the LaserStar Eagle automatically plays a random or pre-selected track at specific time intervals.



The LaserStar Eagle is equipped with a coin acceptor as well as the reliable Rowe bill acceptor for $1 and $5 bills with a 500 bill capacity stacker.

As an exciting, fun attraction, the LaserStar Eagle is embellished with colorful running lights.

Comes with 70 volt and standard speaker hook-ups for easy installation.



The optional printer kit provides full MIS reports that include: cash totals, selection frequency of each track and album, and the condition of every disc. Recommended printers may be purchased locally.

ROWE/AMi's optional remote control is the most advanced available. Remote selection, volume and reject controls are just a few of its features.

Optional display rack available.
